## Rosmini College 2022 - 2023

### Introductory Section - Strategic Intentions

<b>Mission Statement</b>	Rosmini College supports and develops well rounded young men while keeping true to the maxims of Antonio Rosmini. A holistic education in the Rosminian tradition that fosters a genuine encounter with Christ.
<b>Vision</b>	Christ centered young men who have the values, attitudes, knowledge and skills to fulfill their life, and to be empowered to serve others.
<b>Values</b>	Dignity                      Integrity                      Fairness                      Charity                      Justice
<b>Māori Dimensions and Cultural Diversity</b>	<p>Rosmini College is committed to the principles of the Treaty of Waitangi and actively supports and encourages the achievement of its Maori pupils and fostering Maori culture.</p> <p>The multi-cultural aspect of New Zealand society means that there is an increasing variety of different cultural attitudes to learning and education in New Zealand schools. Rosmini College will ensure that all students from whatever backgrounds are given the support they need to fulfil their potential.</p> <p>Rosmini College will celebrate the cultural diversity of the student population and use this as a way to educate the school community about the global society that we live and work in. Opportunities such as cultural days, celebration of languages and talks from cultural leaders are part of this, and allow our diverse community to connect in ways that enhance tolerance, respect and open mindedness.</p>
<b>Special Character</b>	<p>Rosmini College is a learning community that requires each student to pursue his fullest potential in spiritual, academic, social, cultural and co-curricular pursuits. The school will equip each student with the desire to keep the Law of Christ. We also follow the maxims of the school's founder, Antonio Rosmini whose educational philosophy is based on the ideals of giving young people a strong foundation of basic skills and values before instilling in them more complex and lofty aspirations.</p> <p>Rosmini's Mission Statement is "Rosmini College supports and develops well rounded young men while keeping true to the maxims of Antonio Rosmini". To accomplish this, Religious Education includes Retreats, Reconciliation and both class and full School Masses, while strong Catholic values and morals underlie the syllabus. The precept, "to love God above all things and one's neighbour as oneself", neatly summarises these Catholic values. The emphasis is on practical Christianity – helping the disadvantaged in the immediate community as well as overseas. To this end, our pupils are involved in charitable acts that are Christianity in Action to live out the school motto Charity fulfils the Law.</p>

## Learning Support/Special Educational Needs Department Improvement Plan 2022

### Strategic Learning Goal

**Annual Goal: As in the NELPS, objectives 1 and 2: On the basis of good quality assessment information, Rosmini College SEN department wants to:**

- identify students and groups of students: who have special needs (including gifted and talented students, academic, medical, physical and emotional needs)
- develop and implement teaching and learning strategies to address the needs of these students and aspects of the curriculum

Provide all students with a nurturing, safe environment, where every individual student's learning can be optimised by making accommodations for their specific learning style.

New Entrants: identify students with learning needs, medical and physical conditions, and low academic ability. Roll over support from previous schools or set up appropriate support at Rosmini College.

Year 7 and 8: Identify SEN students, pinpoint strengths and weaknesses of all students and allocate appropriate support through learning enhancement, teacher aide support, Maori/Pasifika tutoring, adapted teaching strategies, assistive technology, classroom accommodations or special assessment conditions.

Year 9-13: Identify SEN students. Provide accommodations to maximise their learning and achievement (teacher aide support, Maori/Pasifika tutoring, adapted teaching strategies, assistive technology, classroom accommodations or special assessment conditions)

We try to access and apply for funding and support from outside agencies and the Ministry of Education: Special Education when necessary.

An emphasis this year will be on re-engaging students who have been impacted by the interruptions of COVID. Together with Mr Hughes, SEN department will use resources to get students back to school. A lot of outside agencies have been involved (MoE, RTLB, Oranga Tamariki, Marinoto, Te Kura, ...)

### Baseline data

SEN department identifies students using following data:

- Data from primary schools
- PAT testing
- Student reports (formal and informal assessments)
- Teacher feedback

### Target

**We want all students to reach their “personal best”.**

We want to work towards getting the majority of our students to an “at standard or above” level of achieving compared to the expected curriculum level for their chronological age.

<ul style="list-style-type: none"><li>• Student feedback</li><li>• Parent feedback</li><li>• Data from Educational Assessment Reports</li><li>• Curriculum levels and feedback from previous schools</li><li>• Data from Lucid testing (screening tool for Specific Learning Differences)</li><li>• Other tests for numeracy and literacy (Patoss, Probe, Numpa, SAST, ...).</li></ul>	<p>Aim in Year 11 to 13 is to make sure students choose appropriate NCEA subjects and support them to achieve to the best of their ability, whatever academic level they are.</p> <p>The target of the SEN department is not always measurable in data, but we continually ask for student feedback to see where our students are at.</p> <p>IEP (Individual Educational Programs) are set up when needed, mostly to coordinate school and outside agencies.</p>		
<p><b>Key Improvement Strategies</b></p> <p>Our focus needs to be on adapting and provision of adequate programs due to the changing nature of the learning needs of our new entrants. Appropriate PD for staff needs to be implemented to adapt to the changing needs and different learning styles.</p> <p>GATE students are being catered for by individual departments. In year 9 we have a top tier for Maths only, and in year 10 we have top tier English and Maths classes. Senior students are being provided with opportunities to sit standards in different levels and attend scholarship classes. A list has been drafted with extension opportunities available to all our students.</p>			
<b>When</b>	<b>What</b>	<b>Who</b>	<b>Indicators of Progress</b>
Term 1	Introduction of new staff to SENCO and procedures	SENCO	New staff is aware of who SENCO is and the role of SENCO.
	Setting up of support for students in class (Year 7-10). Implementation of remedial programs in identified student’s time tables: Numeracy, Literacy, Learning Enhancement Programme.	SENCO - teacher aides - English and Maths department	Students who are struggling will be supported in class. Students’ gaps in learning are closing up.
	Applying for NCEA Special Assessment Conditions.	SENCO	Eligible students will be able to make use of SAC for all assessments (internal and external)
Throughout the year	Identifying SEN students.	SENCO - teachers - students - parents - teacher aides	Student referral pathways are clear for teachers, students and parents.

	Making sure SENCO is known/visible/approachable to parents (especially new entrant parents) and students.		
	PLD for teachers: sessions during the course of the year. These are reminder sessions as they have been done in the past.	SENCO	Reminders: staff are familiar with the SENCO role and clear about referral and how to access information. Staff are aware of different learning barriers and how to accommodate them in class.
	Adequately advise staff of students with specific learning needs and keep KAMAR updated for teacher's reference. Email ongoing changes to relevant teachers.	SENCO	Staff are familiar with all the special learning needs of individual students they teach.
	Support of students in class or in small groups.	Teacher aides / teachers	Closing of gaps in learning and focusing on key competencies.
Term 4	Collecting information of all new entrant students by contacting/visiting their primary schools.	SENCO	By the end of the year, we would like information on all new entrant students to compile a temporary Special Needs Register and put students in appropriate 2023 classes.
	Testing of next year 11 students for SAC applications. This includes starting the applications for SAC for NCEA assessments online.	SENCO - teacher aides	Information gathering begins and needs to be completed by Term 1 2023
	Testing students for in-class-support (ICS)funding. Low level students.	SENCO - teacher aides	Results of the funding applications come in at end of the year. Will determine funding for teacher aide support in 2023.

	Identification of GATE students in English and Maths over all years for next academic year.	SLT, HODs, teachers	Information is gathered throughout the year.
	Identification of students needing extra support for Maths and English over all years for next academic year.	SLT, HODs, SENCO	Information is gathered throughout the year. Mid-year identification of priority learners.
<b>Monitoring</b> We will keep monitoring by tracking students academic progress, but also listening to student voice (formal and informal). Availability at parent interviews, continuous contact with parents (especially in the intermediate years), meetings with parents and teachers, close working relationship with our Student Mentor.			
<b>Resourcing</b> SEN department staffing (SEG grant, funding and top-up from school): <ul style="list-style-type: none"> <li>• SENCO: MDB (full time)</li> <li>• Full time Teacher aides: LL, SS, BK, EW</li> <li>• Part-time Teacher aides: AB, CG</li> </ul> Resources come out of the SEN budget, but we also get extra funding for ICS (in class support) students ( students in 2022), students with medical needs (High Health Needs Funding) and extra funding for programs, ie Learning Support Funding for year 11 + .			
<b>Changes ahead:</b> 2021 saw the SEN department acquire a dedicated room. We have been using this for teacher aide tutoring, tutoring, SAC accommodations, break-out room and chill-out space. An increasing number of students with more than two years of learning delay are coming through to NCEA level - option lines need to be considered (ongoing time-table/teacher issues). The possibility of Learning Support Coordinators for our school/CoL needs to be explored. All SENCOs and SLT members from our CoL schools are working together with MoE liaison person, to get a universal Learning Support Register up and running to prepare for the move to the National Register Te Rito. This is ongoing and has lost momentum due to COVID interruptions and priority changes of MoE.

## **Notes to Support Academic Targets**

### **NCEA Levels 1-3**

NCEA Level 1 & 2 met targets both for overall NCEA pass rate and endorsements.

Level 3 was 0.6 off the target for endorsements and 6% off the UE target.

### **Years 7-10**

With the disruption to the Auckland school year caused by covid the college was unable to conduct meaningful academic tracking of Years 7 to 10 for 2022. The 2021 data has been retained for reference.
