## INTERNATIONAL STUDENT RUGBY OPPORTUNITIES

We would like to offer an opportunity for International students to apply to attend one of North Harbour's most prestigious rugby schools. This opportunity would include an involvement in the school's extremely successful rugby programme.

Rosmini College has a proud history in Rugby participation. We are one of the premier schools in the North Harbour region in this code and it has long been viewed as a significant contributor to the overall culture of the school.

The school has won a large number of North Harbour titles in both the open weight grades and restricted grades. We compete annually against teams from the Auckland and Northland regions and have participated in various national and international tours. Our students mostly continue on to play for all clubs in the North Harbour region.

As a student, Rugby is able to be played in Year 7 and 8 and then all the way through secondary school (Years 9-13). The cost of participation is relatively low and is a great opportunity to be involved in a sport that instils hard work, camaraderie and commitment.

Please turn over for our school's notable Rugby accomplishments, and for details on our exceptional development and playing opportunities at Rosmini College.

**Director of Rugby:** Joseph O'Reilly - [joreilly@rosmini.school.nz](mailto:joreilly@rosmini.school.nz)

*"It has been great coming to New Zealand and playing rugby this season with Rosmini College. It was simply brilliant! The coaches were outstanding in their guidance and encouragement every step of the way. In every practice and each game, their competence and enthusiasm for the game was evident. They taught me techniques and principles of the game that I wouldn't have learned back home. It made me a better player on the field. Our team bonding also has resulted in great support and motivation for each other to improve.*

*All in all, it was a season of development, education, and wonderful memories."*
