COLLEGE

SCHOOL INFORMATION

Our Mission: Rosmini College supports and develops well-rounded young men while keeping true to the maxims of Antonio Rosmini. A holistic education in the Rosminian tradition that fosters a genuine encounter with Christ.

Our Vision: Christ-centred young men who have the values, attitudes, knowledge and skills 'to fulfil their life and be empowered to serve others.

Our Values: Dignity. Integrity. Fairness. Charity. Justice

Our Motto: Charity fulfils the law.

Treaty of Waitangi: Rosmini College is committed to the principles of the Treaty of Waitangi and actively supports and encourages the achievement of its Maori pupils and fosters Maori culture.

Special Character: Rosmini College is a learning community that requires each student to pursue his fullest potential in spiritual, academic, social, cultural and co-curricular pursuits. The school will equip each student with the desire to keep the Law of Christ; *“Love the Lord your God with your whole heart and your neighbour as yourself.”*

There is an emphasis on practical Christianity – helping the disadvantaged in the immediate community as well as overseas. To this end, our pupils are involved in charitable acts that are ‘Christianity in Action’ to live out our school values and our motto.

In the classroom, around the college, at school events, on the sports field and in the community we are a school of:

Dignity We respect ourselves, our Rosmini brothers, our staff, our school and our community.

Integrity We are honest and truthful in our interactions with our Rosmini brothers, our Rosmini staff, our family and our community. We do the right thing, even when no one is watching.

Fairness We show respect and tolerance for all people, their cultures and world views. We support each other's unique identity without discrimination.

Justice We act according to what is ethically and morally right and just. We stand for those who can't stand for themselves.

Charity Fulfils the Law We are charitable in everything we do. The ultimate act of charity is friendship.

Beyond these boundaries is considered out of bounds and no student is allowed there without permission.

Rosmini College is a Smoke-Free environment.

WEEKLY CARDS

Weekly Cards are issued to Year 7-10 students and provide feedback as to how well students have worked/behaved/engaged in their learning in each subject over the past week.

Teachers will indicate students' level of work/behaviour/engagement in class with either a tick, a dot or a cross.

- To receive a tick, you will have worked/behaved/engaged in your learning above your usual level of effort.
- A dot means that you have worked/behaved/engaged in your learning at your usual level of effort.
- A cross indicates that there has been an issue with your level of work/behaviour/engagement.

Teacher indications are collated and summarised on a weekly card. Students will be given their card by their form teacher on Friday morning. The weekly card will also be emailed home.

Weekly Cards come in three colours.

- Blue Card - Mostly ticks. Allowed up to two dots and no crosses.
- White Card - More than two dots and he may have up to one cross.
- Red Card - Two or more crosses. The red card will need to be signed by a parent/caregiver and returned to the form teacher on Monday. You can expect the subject teacher, form teacher and maybe Dean to follow up about a red card.

A Blue Card is difficult to get and should be celebrated. A Red Card is no reason to be too upset, in fact, getting feedback on a weakness can be seen as a positive. Should there be

continued red cards, your dean, class teachers and parents will most likely be working together to provide support.

COMPUTER AND INTERNET USE

BYOD: Students in Years 9-13 must bring a computing device to school to be used for educational purposes. The device chosen is up to parents to decide, however, it should be purchased with your son's education in mind. We do have information available on the school website regarding device requirements, offers and suppliers.

Our vision is to develop young men to prepare for a dynamic world by building confidence in their ability to use digital technologies to build curiosity and be active, connected, collaborative learners so that they are better prepared for the future.

The main purposes of this programme are as follows:

- To provide students with the best educational tools and information available.
- To prepare students for working in a collaborative and connected world.
- To do the above while following best practice, and in a safe and healthy manner.

Although technology is a great educational tool, it is by no means the silver bullet of learning. As such we don't foresee students using technology all day, everyday but rather only as and when it truly supports and enhances learning.

E Policy: All students and their parents/caregivers must sign the Rosmini College Computer Use - Terms and Conditions document that details the colleges expectations around acceptable use of devices and the internet, login Id's, netiquette, email, school IT hardware, use of personal hardware and student photos and work.

Mobile Phones: Mobile phones should remain switched off and out of sight, and away for the day in their bags from 8:55am to 3:10pm every day.

FINANCIAL

The fees and parental contributions for 2025 are:

Year 7-8 Eldest = \$2,226 (includes Dues \$532)

Year 7-8 Sibling = \$1,776 (includes Dues \$532)

Year 9-13 Eldest = \$2,774 (includes Dues \$1,080)

Year 9-13 Sibling = \$2,324 (includes Dues \$1,080)

There are four elements to the school fees – the compulsory Attendance Dues, the School Contribution, the Building Fund and the Special Character fee. The School Contribution payments are retained within the school. The compulsory Attendance Dues, the Building Fund and Special Character contributions are collected on behalf of the Proprietor, the Roman Catholic Bishop of Auckland. The school remits these amounts regularly to the appropriate Proprietor's account.

It is important for parents to be aware that the Diocese is insistent on the payment of the Catholic Dues and that, ultimately, it employs a debt-collecting agency to pursue any unpaid amounts. You may recall you had to recognise your commitment in this area when

completing the enrolment form.

The School Contribution is kept by the school to help with school running costs whilst the Building Fund is transferred to a separate trust fund in the name of the RC Bishop of Auckland. Parents may not be aware that the Ministry of Education does not fund any new buildings/facilities in Catholic schools. Any money retained in the school is considered as crown funds and, as such, is not available for building development. Thus, the Building Fund transferral out of school funds to the Bishop allows for necessary developments of our school facilities, the latest being the new Mary Thomas classroom block.

The Building Fund, School Contribution and Special Character are considered as donations by the IRD and can therefore generate a tax rebate.

The school emails a monthly statement. Parents can choose to either pay the full year, or term by term, or set up automatic payments for regular instalments. Kamar portal payments and internet transfers are now the preferred methods of payment. Should you wish to use the automatic payment method, you approach your own bank for the arrangement, crediting to Rosmini College Board of Trustees, BNZ Takapuna, 02-0272-0330978-00. Be sure to include your son's name and school ID number in the reference section so we can correctly allocate the payment. You may also wish to pay in advance of the school year – there is no problem with this.

The first account statement for the year is not sent out until the end of February 2025 to ensure that all students, left & new, have been updated and that all the returning senior students' late option changes have been updated.

If you wish to contact our finance team, please email accounts@rosmini.school.nz.

Sports & Extra-Curricular

Sport at Rosmini College is an integral element of holistic education and helps promote a healthy and active lifestyle. We have a strong sporting culture and value performance at both the elite and participation levels, offering competitive opportunities in various codes. It is important for young men to involve themselves with physical endeavours throughout their time at school and sport offers a platform for this.

We are committed to:

- Providing opportunities for all students to develop a healthy lifestyle through a breadth and depth of physical activities.
- Ensuring all students participate in a holistic curriculum which embeds physical activity into their daily routine.
- Fostering and nurturing athletes who aspire to excellence in their selected codes.
- Developing the whole person as well as the athlete.
- Engaging with the school's wider community through developing partnerships with external agencies, regional and national sporting bodies and other schools.

Rosmini College primarily focuses on encouraging enjoyment of sport and traditions of sportsmanship and fair play. Further to this, excellence is also valued and the Rosmini College High Performance Sport programme is designed to cater for those individuals aiming to follow a pathway of competitive sport.

Involvement in Rosmini College Sport or Zone days requires student and parent commitment to:

Generally, any payments made for school charges, contributions, trips, activities, sports fees, and registrations are non-refundable. Any approved refunds will be automatically directed to other items on the account in the first instance.

Please note we have a **No Refund Policy** should your son withdraw after paying for registration. We kindly ask that careful consideration is made before deciding to join a sport as it is expected that once registered, students will commit to the team for the season.
